

Dr. Anju Manuja, Principal Scientist, ICAR-NRCE, has been conferred “**Emerging Investigators Award**” by Elsevier “Nanostructures and Nano Objects (NANOSO) for her impactful work in the field of nano drug delivery. The award was conferred in recognition of her excellent research work and high impact publications in the area of nanotechnology. She is one of the investigators amongst selected leading scientists from Netherland, Sweden, Spain, India etc.

The award was presented on 12th Feb. 2017 during Fourth International Conference on Nanostructured Materials and Nanocomposites (ICNM 2017), jointly organized by International and Inter University Centre for Nanoscience and Nanotechnology (IIUCNN), Mahatma Gandhi University, Kottayam, Kerala, Wuhan University, China, Beijing University of Chemical Technology, China and Wroclaw University of Technology, Poland supported by Elsevier NANOSO.
